About Silver Lake Water & Sewer District

Silver Lake Water & Sewer District (SLWSD)'s mission is to provide high quality, safe and reliable water and wastewater services, while practicing good stewardship of natural and financial resources.

Incorporated in 1934, Silver Lake Water & Sewer District is a municipal corporation authorized under RCW 57. The District provides utility services to approximately 55,000 people in portions of the Cities of Everett and Mill Creek, and unincorporated Snohomish County. We are governed by an elected three-person Board of Commissioners.

Why Work for Silver Lake?

We offer an outstanding career with excellent benefits, and positive, supportive workplace. Benefits include...

No faxed applications allowed. First review of applications begins on April 8, 2022.

Position:

Utility Maintenance Worker Apprentice

Annual Salary Range:

\$47,467 - \$58,420; two-year limited term/full-time position. Within 12 months of hire, employee will be licensed for:

- Water Distribution Manager 1
- Cross Connection Control Specialist 1
- Forklift Certification
- Certified Work Zone Traffic Control (Flagging Card)
- CPR/Bloodborne Pathogens/First Aid/AED Certification

This position falls under an Apprenticeship Program requiring 4,000 hours of on-the-job training, and 288 hours of formal training over a two-year period. Upon successful completion of the program, the candidate will be fully qualified in multiple aspects of water and wastewater operations. Work generally entails regular and recurring installation, repair, and maintenance of District water and sewer systems. Specific duties include but are not limited to:

- Installs, repairs, and maintains water system components.
- Operates vehicles, small tools, and other equipment.
- Repairs street curbs, streets, and sidewalks cut during system component installation or repair.
- Locates water and sewer mains, manholes, water services and side sewers; inspects newly installed water and sewer services; raises and/or repairs related components.
- Services and maintains small tools and equipment.
- Provides traffic zone control (flagging) as required.
- Processes work orders and assists in final project inspections.
- Reads water meters; helps verify meter re-reads, checks for leaks, and informs customers of high consumption.

Qualifications:

- Required: High School Diploma or GED.
- Required: valid Washington state driver's license; acceptable driving record; and own transportation to/from the job.
