

The Board of Commissioners and General Manager invite qualified candidates to apply for:

District Engineer

\$106,073 - 156,385
(Annually)

Application Process

For an application and job description, please visit www.slwsd.com.

A signed application, along with a cover letter and resume, must be **returned by mail to:**

Silver Lake Water and Sewer District
Attn: Ms. Shelley Stevens
P.O. Box 13888
Mill Creek, WA 98082
(425) 337-3647 (office)
(425) 337-4399 (fax)

No faxed or emailed applications will be considered.

The Silver Lake Water and Sewer District is an Equal Opportunity Employer.

The first review of applications will be June 28, 2019.

The District is a drug, alcohol, and tobacco-nicotine free work environment.

The District: The Silver Lake and Sewer District provides water and sewer utility service to approximately 19,000 service connections and a population of 55,000 in portions the City of Mill Creek and unincorporated Snohomish County. The District is governed by an elected three-person Board of Commissioners. The District is a municipal corporation authorized under RCW 57.

The Candidate: You hold a degree in Engineering and a Professional Engineer (PE) License with experience in both water and wastewater fields. Skilled in design review, project management, and general engineering. Minimum of eight years total experience with three years in a lead or supervisory capacity.

Where We Are Going: The opening of the District Engineer position is due to the retirement of the incumbent that has held the role for 17 years. The position will report directly to the General Manager and work directly with District staff, consultants, and developers. The District has developed rapidly in recent decades and is approaching buildout. There is a gradual shift in the primary focus of the position from development review to management of an expanding Capital Improvement Program.
